

Job Advertisement

*You can do this?
Then you are absolutely right in our team!*

... if you are experienced in metal processing and are interested in new challenges, then you are absolutely right for our team. In addition, you are friendly, team-minded, creative, bring experience on the one hand and also have fun with new things, are independent in your craft and can implement plans / projects independently, then apply!

We are a small metalworking company and are currently formed of 4 people. From filigree handrails, metal constructions, as well as repairs & assembly in the industrial, agricultural and private sectors, we are quite diverse positioned.

You can arrange your working hours of 40h/week quite flexible, as there should be still time for family, friends & hobbies.

If you also have a completed vocational education in the field of "metal" (metal worker / industrial mechanic / locksmith) and are in possession of a driver's license (car + trailer), then we look forward to receiving your application.

Gender Note:

For reasons of better readability, the masculine form is used for personal names and personal nouns in this job advertisement. In the sense of equal treatment, corresponding terms apply in principle to all genders and do not include any evaluation.
